

Wallmark Homes Real Estate Catch 22 Solution

For Immediate Release - November 29, 2008

Over the last few months, Wallmark Homes has seen great interest in the exclusive community of Birchwood Estates at The Foothills on Burke Mountain. Sales have been active and the construction of two spectacular show homes is underway. Despite the positivity, Wallmark Homes understands the kinds of concerns customers are facing when making the decision to buy and sell real estate in the current market.

In order to help customers finally realize their dream of building their own custom estate home at Birchwood Estates, Wallmark is introducing its Real Estate Catch 22 Solution, designed with homebuyers in mind. When buyers purchase a home at Birchwood Estates at The Foothills on Burke Mountain, Wallmark will guarantee the sale and value of their current home, and if they can't sell it, Wallmark Homes will buy it. Making the decision to build a dream home, in a great new neighborhood, just got a whole lot easier.
